## PROFESSIONAL SUMMARY

Computer Science undergraduate at **Quaid-i-Azam University** with a strong interest in **Linux, DevOps, Cloud Computing, and Open Source Software**. Experienced in Linux environments, Git, Docker fundamentals, C++, and full-stack web development. Passionate about learning modern DevOps tools and contributing to open-source projects through collaborative software development.

---

## EDUCATION

*Sept 2023 – Present*

*Expected Graduation: 2027*

### **Bachelor of Science in Computer Science**

*Quaid-i-Azam University, Islamabad, Islamabad, Pakistan]*

**Specialization:** Computer Science. **Result:** CGPA: 3.2 / 4.00. **Key Modules:** Operating Systems, Database Systems, Data Structures & Algorithms, Computer Networks, Object-Oriented Programming. **Final Year Project:** To be determined.

*Sept 2020 – July 2022*

### **Higher Secondary / Pre-University Qualification**

*Akhuwat College and University, Kasur, Pakistan*

**Majors:** Computer Science, Mathematic, Physics. **Grade:** A.

---

## TECHNICAL SKILLS

**Programming:** C, C++, JavaScript, Basic PHP, SQL

**Operating Systems:** Ubuntu Linux, Windows

**DevOps & Tools:** Git, GitHub, Docker, Bash, Vs Code

**Web Technologies:** HTML, CSS, Bootstrap, Basic ( Node.js, Express.js, MongoDB)

---

## PROJECTS

### **Course Registration & Timetable Scheduler**

*Java | Java Swing | MySQL*

- Designed a desktop-based course registration system.
- Implemented student registration, timetable generation, and administration features.
- Connected the application with MySQL for persistent data management.

### **Weapon Detection using ResNet50 & YOLOv8**

*Python | Deep Learning*

- Built an image classification and object detection system.
- Trained and evaluated deep learning models on a weapon detection dataset.
- Compared model performance using standard evaluation metrics.

### **REST API using Node.js & MongoDB**

*Node.js | Express | MongoDB*

- Developed REST APIs for CRUD operations.
- Connected the backend with MongoDB Atlas.
- Deployed the project for testing and learning cloud deployment.

## WORK & PRACTICAL EXPERIENCE

---

*Jan 2024 – Dec 2024*

### **Junior Web Developer**

*K2 Peak Technologies, Skardu, Pakistan*

Developed responsive and user-friendly website frontends using HTML, CSS, Bootstrap, and JavaScript. Collaborated with senior developers to implement UI components, improve website functionality, and follow modern web development practices. Gained hands-on experience with frontend development workflows, code collaboration, and responsive design principles.

*Sept 2021 – Jan 2025*

### **Head of Finance**

*Feel and Support Organization (FSO)*

Maintained financial records and managed member collection processes. Coordinated financial operations across teams while improving organizational efficiency. Strengthened leadership, communication, and problem-solving skills through administrative and team management responsibilities.

## CERTIFICATIONS

---

**Web Design & Development:** DPAK IT— July 2023

**Basic Computing & Graphic Course:** Nayab Computer Academy — Feb 2018

## LEADERSHIP

---

- Chairman, IT Club – Akhuwat College Kasur (2 Years)

## LANGUAGES

---

- English.
- Urdu.
- Balti
